

AMT's Corporate Social Responsibility, A Continuous Commitment

Year 2009 was a turbulent year, we saw devastating occurrences worldwide – economic recession, environmental disasters, flood, earthquakes, etc. – AMT was not spared either. It was a tough business year for us but we are fortunate that we sailed through the year. Now it is 2010, a new year, a new start again; we hope the storms of 2009 has subsided and we can all look forward to 2010 with gratefulness.

Our social responsibility spirit still abounds in spite of the economic downturns that affected all of us. The AMT employees still continue with its monthly contributions program to the indigenous people in the remote tribal regions of Taiwan. AMT has set up ACTION Group to reach out to people in need, to participate actively in touching the lives of the disadvantaged people, to listen to their needs and work to help them meet their needs. Sometime in mid-January, we were made aware of an urgent need for rice by some villages in the AMT township; our staff representatives made a special visit to these villages and immediately arranged for weekly donations of sacks of rice to be distributed to the impoverished villagers. And on January 19, a day before the school winter vacation, we delivered sacks of rice to the tribal people of Pingtung, Taiwan's southernmost county; this was one of the places hard hit last year by the "88 typhoon". In this area alone, we have already distributed tens of thousands of kilogram of rice to the elderly, children, needy families; and we want to continue to ensure that the children will not go hungry during the winter breaks and that they may pass a warm Chinese New Year holiday.

In keeping with our yearly tradition of celebrating the upcoming Chinese New Year, AMT threw a year-end banquet for its staff and management last Saturday. It was as always, a fun-filled event participated by each and everyone; their talent and skills and creativity were brought out by the various entertaining programs and performances by the staff. It was truly an afternoon of food and fun and laughter.

We are grateful for the blessings we have and more than grateful for the privilege to continue our social responsibility. Even though we are not able to prevent the act of God calamities, we must not lose our wisdom of co-existing with adversities. Once again, AMT would like to say thank you to our loyal customers and vendors for their continued support. We look forward to a year of steady growth and safety and wellness for the whole world.
